

YOUR GUIDE TO CIEE SEMESTER IN PROGRAMS

ciee®
STUDY ABROAD

Academic excellence, experiential learning, and personal growth await.

Thrive in 2025 in one of 30+ international cities where the **CIEE Semester In** program is offered. This program model is a favorite among students and universities and colleges due to its many advantages, including:

- + Extensive course offerings (most taught in English) in business, natural sciences, engineering, language, humanities, and social sciences
- + Cultural integration through attending classes with local college students
- + Immersion opportunities such as internships and volunteering
- + Rich excursions unique to each location
- + U.S. academic calendar alignment
- + Minimal prerequisites
- + Admission with a GPA of 2.5 (depending on host institution eligibility)
- + No language requirements, but extensive options to take language classes

With the **CIEE Semester In** program, you get it all:

Flexible Academics

Earn up to 15 credits by taking courses with CIEE or at one or more local host institutions. With subjects spanning from business and engineering to humanities and social sciences, there is something for every student.

Real World Experience

International internships help students develop the problem-solving, intercultural communication, and self-leadership skills most valued by employers in today's globally interconnected workplace.

Cultural Immersion

Attend classes with local students and participate in co-curricular activities and study tours to deepen your understanding of the local culture and society.

Certified Health and Safety Professionals

CIEE is the leader in delivering support to students, with experienced staff and extensive training in mental health protocols, providing students, parents, and college advisors with the highest levels of support overseas.

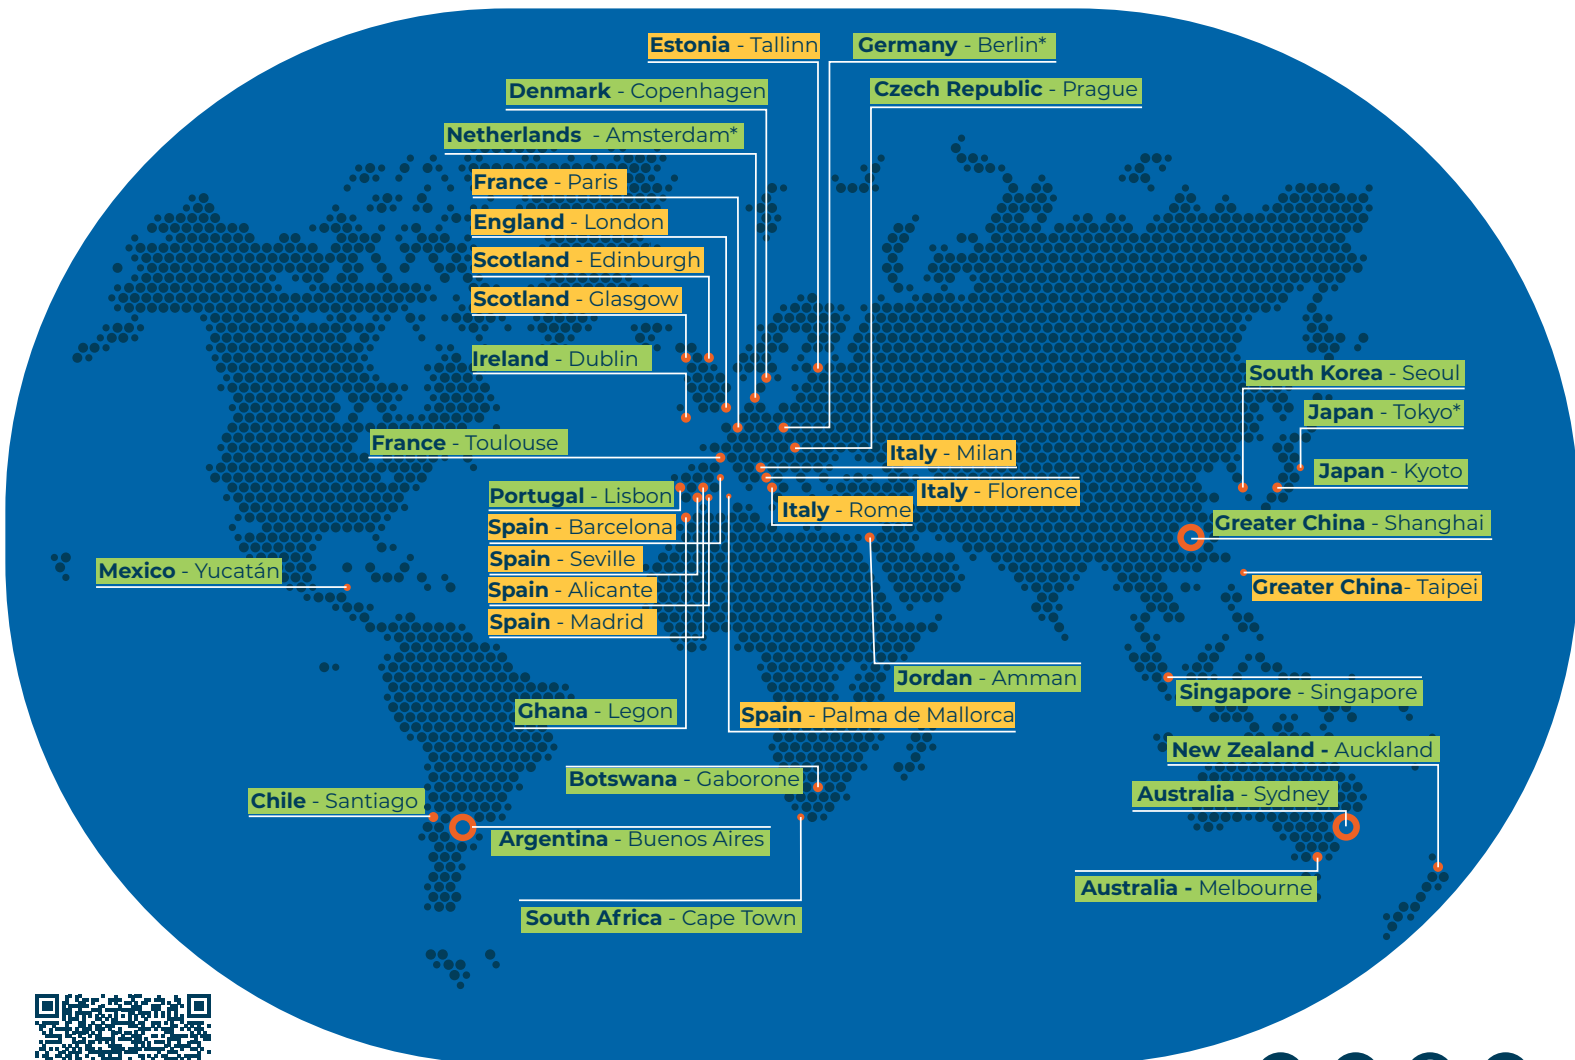

BECOME A CIEE TRAILBLAZER
