Study Abroad students in Berlin

FOR 75+ YEARS, CIEE HAS BEEN CONNECTING DIFFERENT PEOPLE, NATIONS, AND CULTURES TO NURTURE A MORE PEACEFUL WORLD

For more than 75 years, CIEE has been dedicated to [advancing peace in our world through international educational exchange programs](#).

From our founding, our mission has been to both increase the number of young people who embrace other people, countries, and cultures, and to increase the diversity of those young people by democratizing access to international programs. Increasing access for students from all backgrounds is vital to [preparing the next generation of leaders](#) to affect positive change in our world.

Each year, to advance our mission of promoting peace and understanding, CIEE harnesses the limitless potential of a global network of education professionals, volunteers, host families, globally-minded employers, international partners, government leaders, faculty and administrators at thousands of colleges and high schools around the world, and most importantly, over 50,000 young people from over 140 countries.

Together, [we are changing the world, one life at a time](#). We hope you will join us.
