The U.S. Congress and the German Bundestag (Parliament) sponsor the scholarship, which aims to foster cultural understanding and diplomacy, while also promoting the German and English languages. FREQUENTLY ASKED QUESTIONS

Where in Germany will I be living?

Students participating in the Congress-Bundestag Program will be placed with host families throughout Germany according to their common likes/dislikes/activities and other criteria supplied on the secondary application (provided once students are selected for the program). The German organizations that partner with CIEE work to make the best match with a host family, school, and Local Coordinator. Placements are made according to such criteria and not geography.

What about school credits?

While CIEE facilitates the exchange to Germany, students are responsible for arranging the transfer of school credits/classes between Germany and the U.S. While most students receive credit for their work in Germany, CIEE does not guarantee specific grade placement, classes, or credits.

Can I come home during the year?

In maintaining the standards of the program, students are not permitted to return to the U.S. during the program year. Family members are permitted to visit students in Germany only in the second semester and only with CIEE/partner approval.

How do I apply?

Interested students can apply online at www.usagermanyscholarship.org. Select your state from the drop-down menu on the top of the page. Completed applications must be submitted by **November 1, 2024**.

When will I find out if I am selected?

Students who apply for the scholarship by November 1, 2024 will be notified when their application has been processed. The CIEE Selection Committee will review applications and select students to be interviewed in Jan-Feb 2025. **Final notification will be sent by March 1, 2025.**

"Thinking back on it now it seems both really close and a lifetime away because of how far it pushed me out of my personal bubble and comfort zone. I try to picture my life before CBYX and it appears foreign to me now. CBYX made me realize how much I like living in between my comfort zone and the unknown. Each and every minute in Germany is a minute that I would not want taken out of my life."
